Course information

Course Overview

This qualification is designed for learners who are looking to enter employment in, or progress within a number of sectors where an understanding of care planning is important.

This qualification aims to develop learners' knowledge and understanding of:

- the principles and processes of person-centred thinking, planning and review
- how to work with individuals to carry out activities specified in their care or support plan, including person-centred assessment, planning, implementation and review
- the promotion of health and well-being through nutrition and hydration
- supporting individuals to maintain personal hygiene
- supporting individuals to manage continence and the use of continence equipment
- supporting individuals with sleep

Course Objectives

The objectives of this qualification are to help learners to:

- prepare to enter or progress within employment in a variety of sectors and job roles where an understanding of care planning is required.

Course Units

1. Understanding person-centred thinking and planning
 2. Care planning for the care worker
 3. Understanding nutrition and hydration in health and social care settings
 4. Principles of supporting an individual to maintain personal hygiene
 5. Understanding continence care
 6. Principles of supporting sleep
-

Assessment

To be awarded the Level 2 Certificate in the Principles of Care Planning, learners are required to successfully complete 6 mandatory units.

Assessment involves a blended delivery approach - This is a mixture of face-to-face and remote sessions with a qualified health and social care assessor.

Certification

Delegates will be awarded the NCFE CACHE Level 2 Certificate in the Principles of Care Planning.

More details
