

CPCS Plant and Vehicle Marshaller (A73)

| | |
|------------------------------|----------------------------------|
| Accreditation | CPCS |
| Course duration | 2-3 Days depending on experience |
| Certificate valid for | 2 years |

Who should attend

This course is aimed at people who are responsible for the movement of plant and vehicles on construction sites.

You will learn how to prepare for vehicle movement and guidance, communication, plant hazards and ground conditions, work area layout and positioning.

Learners with limited or no experience of plant and vehicle marshalling will require a three-day novice course, whereas experienced operators can attend a shorter two-day experienced worker course.

Course information

Course content

- Roles and responsibilities
- Regulatory requirements
- Plant types, limitations, hazards and stability factors
- Work management traffic plan
- Proximity hazards
