

CPCS Concrete Pump – Trailer Mounted (A44)

Accreditation	CPCS
Course duration	2-4 Days depending on experience
Certificate valid for	2 years

Who should attend

This course is aimed at people who require a formal qualification for operating a Trailer Mounted Concrete Pump.

We will conduct a learner analysis to identify the duration of training required for those with limited or no experience, whereas experienced operators can attend a two-day experienced worker course.

Course information

Course content

Through a combination of targeted training and experience, an individual with the trailer mounted concrete pump will be able to:

- Describe the nature of the sector of industry and their role and responsibilities as a plant operator
- Name and explain the purpose of principal components, the basic construction, controls and terminology
- Conform with manufacturer's requirements as per the operator's handbook, other types of information source and relevant regulations and legislation
- Undertake all pre-use checks
- Confirm the position and configure the machine for pumping duties
- Deploy the outriggers to specification (where applicable)
- Arrange, anchor and secure all pipes and lines
- Confirm a given mix is able to be pumped
- Arrange and comply with communication procedures
- Direct the loading / mixer vehicle to position
- Explain action required for hazards, underground and overhead services
- Pump and control materials accurately to the desired pour location
- Explain how blockages occur and solution methods
- Maintain safe working situations
- Complete end-of-use cleaning procedures
- Carry out shut down and securing procedures

Entry requirements

Learners must have passed the Operatives Health, Safety and Environment Test within the last 2 years, prior to course start date.

Good understanding of spoken and written English.

Assessment

Mixture of classroom-based teaching and practical exercises, followed by one day assessment - CPCS technical tests.

Certification

Learners will receive a Red CPCS Trained Operator Card on passing the CPCS technical tests, valid for two years.

After gaining on-site experience, you must complete an NVQ level 2 within two years to apply for the blue CPCS Competence Card which is renewable every five years.

More details

Grants and Funding

Grants against the cost of your CPCS training and testing are available for eligible employers. For further information please visit the [CITB Grant page](#).

We can provide construction SMEs with less than 250 employees with free level 2 construction NVQs through our Skills Support for the Workforce programme, funded by the European Social Fund. Please contact us for the regions that are currently eligible, this is for a limited time only.
