

# CPCS Excavator 180 above 5 Tonne (A12)

<b>Accreditation</b>	CPCS
<b>Course duration</b>	2-4 Days depending on experience
<b>Certificate valid for</b>	2 years

---

## Who should attend

This course is aimed at people who require a formal qualification for operating a 180 degree excavator above 5 Tonne.

We will conduct a learner analysis to identify the duration of training required for those with limited or no experience, whereas experienced operators can attend a two-day experienced worker course.

---

## Course information

### Course content

- Operate the 180° wheeled excavator
- safely and productively
- Fit and operate ancillary equipment
- Site the machine safely and efficiently
- Carry out minor adjustments and routine servicing procedures
- Prepare the machine for travelling on the public highway
- Understand the capabilities, purposes and limitations of each machine
- Follow all necessary safety precautions
- Interpret the information provided by level pegs and profiles
- Be aware of the necessary routine adjustments and service procedures, and carry them out
- Work to levels with the aid of laser equipment.

### Entry requirements

Learners must have passed the Operatives Health, Safety and Environment Test within the last 2 years, prior to course start date.

Good understanding of spoken and written English.

---

## Assessment

Mixture of classroom-based teaching and practical exercises, followed by one day assessment - CPCS technical tests.

---

## Certification

Learners will receive a Red CPCS Trained Operator Card on passing the CPCS technical tests, valid for two years.

After gaining on-site experience, you must complete an NVQ level 2 within two years to apply for the blue CPCS Competence Card which is renewable every five years.

---
