

# **CPCS Ride on Roller (A31)**

Accreditation Course duration Certificate valid for CPCS 2-3 Days depending on experience 2 years

## Who should attend

This course is aimed at people who require a formal qualification for operating a ride-on roller.

We will conduct a learner analysis to identify the duration of training required for those with limited or no experience, whereas experienced operators can attend a two-day experienced worker course.

## **Course information**

#### **Course content**

- All pre-start, running checks and shut down procedures
- Set roller for travel
- Awareness of on-site hazards
- Set the roller for compaction duties
- Place roller in an out of service condition
- Recognise compacted/uncompacted areas
- Conditions that may cause instability of the roller
- Safety procedures when working up to unsupported edges
- Loading and unloading procedures on/off a transporter.

### Entry requirements

Learners must have passed the Operatives Health, Safety and Environment Test within the last 2 years, prior to course start date.

Good understanding of spoken and written English.

#### Assessment

Mixture of classroom-based teaching and practical exercises, followed by one day assessment - CPCS technical tests.

## Certification

Learners will receive a Red CPCS Trained Operator Card on passing the CPCS technical tests, valid for two years.

After gaining on-site experience, you must complete an NVQ level 2 within two years to apply for the blue CPCS Competence Card which is renewable every five years.

#### More details

#### **Grants and Funding**

Grants against the cost of your CPCS training and testing are available for eligible employers. For further information please visit the <u>CITB Grant page.</u>

We can provide construction SMEs with less than 250 employees with free level 2 construction NVQs through our Skills Support for the Workforce programme, funded by the European Social Fund. Please contact us for the regions that are currently eligible, this is for a limited time only.
